and Departments y Directory

Directory is the most complete
og ever published of the inhabit-
and institutions of your city. It is
alphabetical list of names and

Contains:

list of names and addresses
at, business concern and insti-
's name and if a widow the
nd's initial, and the occupa-
tions of all. Principal officers or owners and a
description of businesses are included as well.

2

A Householders' Directory including a Street and Avenue Guide. This section lists every street and where intersecting streets appear. It lists numerically every location on each street, naming the householder or business at each number and whether the person is a homeowner or renter and if he has a telephone. Similar information is provided on office and public buildings and their occupants.

3

A Classified Business Directory—listing every business, classified as to type, and showing names and addresses. It also lists every profession, club, society and association, hospital and cemetery, labor organization, library, park and playground and school.

4

A "Yellow Section" or Buyers' Guide, where the advertiser may explain in greater detail the services or products he has to offer.

5

A Statistical and Historical Story of your city plus miscellaneous other information.

INTRODUCTION and GENERAL INDEX

HILL DIRECTORY COMPANY, publishers of Southeastern Directories (publishers of the Fuquay-Varina Directory since 1959), present to subscribers and the general public, this, the 1965 edition of the Fuquay-Varina City Directory, which also includes rural route residents. (In all, the Hill Directory Company and its affiliated companies publish more than 1,300 city, county, state and national Directories.)

Confidence in the growth of Fuquay-Varina's industry, population and wealth, and in the advancement of its civic and social activities, will be maintained as sections of this Directory are consulted, for the Directory is a mirror truly reflecting Fuquay-Varina to the world.

The enviable position occupied by Hill's Directories in the estimation of the public, has been established by rendering the best in Directory service. With an unrivaled organization, and having had the courteous and hearty cooperation of the business and professional men and residents, the publishers feel that the result of their labors will meet with the approval of every user, and the Fuquay-Varina Directory will fulfill its mission as a source of authentic information pertaining to the community.

Four Major Departments

The four major departments are arranged in the following order:—

I. THE BUYERS' GUIDE constitutes the first major department of the Directory, printed on yellow paper. In the first section of this department, grouped under appropriate headings, are included the advertisements and business cards of firms and individuals desiring to make a complete presentation of their products or services. Following this is the Classified Business section, which embraces a list of the names and addresses of all business and professional concerns of the community, arranged in alphabetical order under appropriate headings—a catalog of all the activities of the community. The Buyers' Guide represents reference advertising at its best, and merits the attention of all buyers and sellers seeking sources of supply or markets for goods. In a busy and diversified community like Fuquay-Varina the necessity of having this kind of information up-to-date and always immediately available, is obvious. The Directory is the common intermediary between buyer and seller, and plays an important role in the daily activities of the commercial, industrial and professional world.

II. THE ALPHABETICAL LIST OF NAMES of residents and business and professional concerns, is the second major department, printed on white paper. This is the only record in existence that aims to show the name, marital status, occupation and address of each adult resident of Fuquay-Varina, and the name, official personnel, nature and address of each firm and corporation in the community.

84634

III. THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE, is the third major department, printed on green paper. In this section the numbered streets are arranged in numerical order, followed by the named streets in alphabetical order; the numbers of the residences and business concerns are arranged in numerical order under the name of each street, and the names of the householders and concerns are placed opposite the numbers. The names of the intersecting streets appear at their respective crossing points on each street. Special features of this section are the designation of owner occupied homes and the listing of telephone numbers.

IV. THE NUMERICAL TELEPHONE DIRECTORY is the fourth major department, printed on blue paper.

Community Publicity

The Directory reflects the achievements and ambitions of the community, depicting in unbiased terms what it has to offer as a place of residence, as a business location, as a manufacturing site and as an educational center. To broadcast this information, the publishers have placed copies of this issue of the Directory in Directory Libraries, where they are readily available for free public reference, and serve as perpetual and reliable advertisements of Fuquay-Varina and vicinity.

The Fuquay-Varina Out-of-Town City Directory Library

Through the courtesy of the publishers of the Fuquay-Varina City Directory, a Directory Library is maintained in the offices of the Fuquay-Varina Chamber of Commerce, for free reference by the general public. This is one of more than 1,000 Directory Libraries installed in cities and towns throughout the U. S., Canada and Puerto Rico by members of the Association of North American Directory Publishers.

The publishers appreciatively acknowledge the recognition by those progressive business and professional men who have demonstrated their confidence in the City Directory as an advertising medium, with assurance that it will bring a commensurate return.

FUQUAY-VARINA

(Courtesy of Fuquay-Varina Chamber of Commerce)

History

Fuquay Springs and Varina are twin cities incorporated in the name of Fuquay-Varina, North Carolina.

The site of the once famous mineral springs, the town was originally named "Sippihaw", an Indian word which was said to mean "good will." Its history goes back to ante-bellum days when its medicinal springs made the area famous as a health resort to which people came from great distances to drink the waters. The original mineral springs are still in existence.

In its early history, Fuquay-Varina was chiefly a trading and shopping center for the people in this section. About the only manufacturing enterprise was the lumber mill. Today the biggest industry in town is the tobacco market which was started in 1908. It is now the twelfth largest in the United States. There are 12 warehouses and two tobacco redrying plants located in the immediate area.

There are three well-known industrial plants located in Fuquay-Varina at present. One industry hems napkins, towles and diapers. This plant is in the process of expanding in order that the manufacturing of children's panties can be added to present lines. The second industry now located in the area manufactures vibrators for auto radios and also for government and industrial uses. A new industry was added in 1964, that manufactures woven labels for clothing.

The town has had a very stable growth both agriculturally and industrially, with the town's growth in all directions . . . especially along the highways north and south of the present business section of Fuquay-Varina.

Location and Description

The town of Fuquay-Varina is located in the approximate center of the State of North Carolina and in the southwestern edge of Wake County. It is situated at the junction of U. S. Highway 401 and North Carolina Highways 55 and 42. Fuquay-Varina is located 14 miles south of Raleigh, the capital of the State of North Carolina.

Fuquay-Varina is two and one half square miles in area and is the third largest municipality in Wake County. It is in the Middle Creek Township, Central Piedmont Section (District 5) of Agricultural statistics and is in the Fourth Congressional District and Seventh Judicial District. Its population, 1960 census, was 3,389.

The country surrounding Fuquay-Varina is rolling, its location being approximately in the eastern edge of the Piedmont section and the western edge of the coastal plain within 100 miles of the Atlantic Ocean. With the land of a rolling nature, this community or area has never been exposed to flood conditions, in fact, never high waters.

This community has an excellent geographical advantage in its close proximity to larger cities, and availability to services usually not found so close to smaller communities . . . for example . . . road miles from the town of Fuquay-Varina to neighboring cities are as follows: Raleigh, 14 miles; Durham, 31 miles; Fayetteville, 42 miles; Winston-Salem, 90 miles; Wilmington, 108 miles; Charlotte, 128 miles; Asheville, 235 miles; Morehead City, 164 miles.

Although the population of Fuquay-Varina is 3,389, this just includes the city limits. The population of the trading area is approximately 15,000-20,000, which is due to a thickly populated country area.

Local Government

Mayor and Town Commissioners (5). These are elected for a two-year term. Beginning in 1963, all commissioners will serve four-year staggered terms. A full-time town manager, secretary, policemen, water and sewer supervisor, and garbage collector are under the supervision of the town council.

TAX RATE LOCALLY: 1964 City tax rate is \$1.10; county tax rate is \$1.40. Assessed valuation is \$10,650,000, based on fifty percent of the actual value of the real estate and personal property. The bonded debt is \$770,000.

In North Carolina, State taxes make up more than seventy per cent of the total tax package; this is true because North Carolina is almost unique in the fact that the State Government has relieved local government of all financial responsibilities for the public schools and roads.

Accepting these major public functions has tended to boost the level of State taxes. At the same time, however, there has been a corresponding reduction in the levels of local taxation.

FIRE PROTECTION: Fuquay has two fire stations, one rural fire department and one town fire department. Both are extremely active. The town fire department is town owned and operated, while the county fire department is a corporation.

The town fire department has thirty-four voluntary firemen, while the county has twenty-one. All are volunteers, very well trained, have more than adequate equipment, and each department has men who are certified first aid men. The rural department normally serves an area of about a seven-mile radius.

POLICE PROTECTION: The town has five policemen on the force, headed by a very capable Chief . . . one police car . . . facilities are quite adequate . . . law enforcement is good . . . and police protection is excellent. In addition to the town police forces, two North Carolina State Troopers live in the town, and one just outside of town. Also, the services of the County Sheriff's office are available at all times.

INSURANCE RATES: Fuquay-Varina is classified as grade 8 with the Insurance Commission's office in Raleigh and from this the insurance rates on individual buildings are rated out of the Fire Insurance Rating Bureau in Raleigh.

WATER: A modern filter plant was put into service in recent years. This plant has a present purification capacity of approximately 500,000 gallons per day.

The daily consumption is over 250,000 gallons. If the need occurred, the supply could be increased to over one million gallons per day. There were approximately 1,100 meters in use as of January 1, 1965.

The supply of raw water is practically inexhaustible, being secured from five deep wells. The distribution system consists of pipe lines of sufficient size to meet the demands of all residences and industries.

SEWER: A new \$500,000 sewer disposal plant is in use.

Charges for sewer service for all water users, available to town's sewage collection, will be based on an amount equal to 50 per cent of the charge assessed for water.

TRANSPORTATION: Highway U. S. 401 and N. C. 55 and 42. Average 24-hour count on Highway No. 401 north in 1961, 5,300 and South, 3,450; on No. 55 north, 3,100; and 42 west, 2,250.

AIR: Airport facilities for Fuquay-Varina are located one mile north of town, just off highway 55. The landing field consists of a single sod strip in good condition which is privately owned but is made available for public use without charge. The strip is 1,550 feet in length, with approximately a half mile clearance unobstructed on each end. Hangar facilities and fuel are available at all times.

There are commercial airlines serving Fuquay-Varina through the Raleigh-Durham airport only 30 minutes away.

BUS SERVICE: Served by two bus companies—Southern Coach and Carolina Trailways. These companies serve the community with nine scheduled departures daily. One mile from town the Greyhound Bus Company has five scheduled departures and seven northbound and seven southbound express daily.

RAILWAYS: Fuquay-Varina is served by the Norfolk-Southern Railway Company and the Durham and Southern Railway Company.

CLIMATE: The climate of Fuquay-Varina is mild and healthful, and is ideal for industry and pleasant living. The summers are long but not excessively hot. The winters are short and not excessively cold.

Manufacturers can readily perceive advantages to be derived in the saving of fuel costs, both to themselves and to their employees, because of the favorable climatic conditions.

Fuquay-Varina climate for 1962, compiled by the weather station at the Raleigh-Durham Airport was as follows: Av. Max. Temp. 68.8; Av. Min. Temp. 47.4; Av. Mean Temp. 58.1; Total Rain in Av. 4.02 per mo.

LOCAL SCHOOLS: A very extensive survey of local schools was made and we found them quite adequate and very progressive. The local schools have an enrollment of about 1,400 students; past increases have been quite similar to national trends. Present facilities are quite adequate for forecastable trends. Most buildings are relatively new and all have very modern equipment and teaching aids. This

includes an Elementary, Primary, Junior High and Senior High Schools. More than average emphasis is given to activities and interests such as music, vocational and physical training. Included in activities are special programs for retarded children, band, chorus, home economics, library work, full-time counselor, and special emphasis is placed on vocational agriculture and shop. Complete program of high school athletics is available for boys and girls. The Southern Association of Secondary Schools and Colleges has recently accredited the Elementary, Junior and Senior High Schools.

Schools are staffed by approximately 60 teachers, all well qualified, with at least Bachelors degrees and compensated with salaries comparable to neighboring states.

RELIGIOUS ACTIVITIES: there are 17 churches in the surrounding area, but in the immediate area there are 9. There are 18 clergymen living in the area. Activities of the churches are varied. In 5 of them an extended program for young people is carried out. Most all of them have active men's and women's groups and circles. One or several of the churches are always building additions or improving their existing facilities. Religious assistance is always available in the community. Predominate religions are: Baptist, Methodist and Presbyterian.

HEALTH AND MEDICAL RESOURCES: A branch of Wake County Hospital, located in Fuquay, opened in September of 1960. There are 29 people on the staff of this 20-bed hospital. The Clinic is 3-bed. Rates are \$14.00 per day for semi-private.

Located in the community are 4 white and 1 colored Physician, 1 Surgeon, 2 Optometrists, 1 Chiropractor and 3 Dentists. Other hospitals nearby are: 4 in Raleigh, 17 miles away; Duke Hospital in Durham, 20 miles away. Locally there are three rest homes with rates of \$130 per month. There are Research Medical Centers at Chapel Hill and Durham.

RECREATIONAL AND LESISURE PROGRAM: One City Park—Directory by a Park Commission. This park has picnic facilities, two tennis courts and outside play equipment, and a \$24,000 swimming pool and bath house. The Park Commission has approved additional improvements to the park and these were begun in the spring of 1961.

One Amusement Park—One mile from town, privately owned. This park has all types of rides, a dance pavillion and a race track.

Golf Course—Eighteen-hole golf course with a nice clubhouse.

Little League Baseball—Sponsored by local merchants. There are four teams with 90 boys between the ages of 9 and 12 participating.

Midget Football—Directed and financed by the parents of the boys. There are 22 boys participating.

Midget Basketball—This is for both boys and girls, with 40 participating. Sponsored by the local Lions Club.

Teen Age Club—Sponsored by parents. This group meets once a week and has 65 members between the ages of 14 and 18.

Boy and Girl Scout Troops.

Boating, Skiing and Fishing—May be enjoyed in nearby lakes and streams. Hunting also may be enjoyed.

Collegiate Athletics—Raleigh, Durham and Chapel Hill.

Country Clubs—Two Country Clubs in Raleigh and one in Fuquay-Varina.

Library—A city library was completed in 1960. The new brick and stone building is ultramodern and is designed to take care of the needs of the community for 20 years. This building was erected by local contributions.

Civic Concerts—Two or three series are available in Raleigh each year.

RECREATION AND SOCIAL FACILITIES: School libraries are open to the public; however, there is a new Public Library in Fuquay-Varina which was built in 1960. In addition, the area is serviced by the Olivia Raney Mobile Service from Raleigh. Approximately 6,500 volumes are in the Public Library and these are circulated annually with 1,523 registrations. The total number of volumes available at the library is 2,200. Public libraries, as well as the libraries of nearby colleges, are available for research.

INTRODUCTION and GENERAL INDEX

HILL DIRECTORY COMPANY, publishers of Southeastern Directories (publishers of the Fuquay-Varina Directory since 1959), present to subscribers and the general public, this, the 1965 edition of the Fuquay-Varina City Directory, which also includes rural route residents. (In all, the Hill Directory Company and its affiliated companies publish more than 1,300 city, county, state and national Directories.)

Confidence in the growth of Fuquay-Varina's industry, population and wealth, and in the advancement of its civic and social activities, will be maintained as sections of this Directory are consulted, for the Directory is a mirror truly reflecting Fuquay-Varina to the world.

The enviable position occupied by Hill's Directories in the estimation of the public, has been established by rendering the best in Directory service. With an unrivaled organization, and having had the courteous and hearty cooperation of the business and professional men and residents, the publishers feel that the result of their labors will meet with the approval of every user, and the Fuquay-Varina Directory will fulfill its mission as a source of authentic information pertaining to the community.

Four Major Departments

The four major departments are arranged in the following order:—

I. THE BUYERS' GUIDE constitutes the first major department of the Directory, printed on yellow paper. In the first section of this department, grouped under appropriate headings, are included the advertisements and business cards of firms and individuals desiring to make a complete presentation of their products or services. Following this is the Classified Business section, which embraces a list of the names and addresses of all business and professional concerns of the community, arranged in alphabetical order under appropriate headings—a catalog of all the activities of the community. The Buyers' Guide represents reference advertising at its best, and merits the attention of all buyers and sellers seeking sources of supply or markets for goods. In a busy and diversified community like Fuquay-Varina the necessity of having this kind of information up-to-date and always immediately available, is obvious. The Directory is the common intermediary between buyer and seller, and plays an important role in the daily activities of the commercial, industrial and professional world.

II. THE ALPHABETICAL LIST OF NAMES of residents and business and professional concerns, is the second major department, printed on white paper. This is the only record in existence that aims to show the name, marital status, occupation and address of each adult resident of Fuquay-Varina, and the name, official personnel, nature and address of each firm and corporation in the community.

III. THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE, is the third major department, printed on green paper. In this section the numbered streets are arranged in numerical order, followed by the named streets in alphabetical order; the numbers of the residences and business concerns are arranged in numerical order under the name of each street, and the names of the householders and concerns are placed opposite the numbers. The names of the intersecting streets appear at their respective crossing points on each streets. Special features of this section are the designation of owner occupied homes and the listing of telephone numbers.

IV. THE NUMERICAL TELEPHONE DIRECTORY is the fourth major department, printed on blue paper.

Community Publicity

The Directory reflects the achievements and ambitions of the community, depicting in unbiased terms what it has to offer as a place of residence, as a business location, as a manufacturing site and as an educational center. To broadcast this information, the publishers have placed copies of this issue of the Directory in Directory Libraries, where they are readily available for free public reference, and serve as perpetual and reliable advertisements of Fuquay-Varina and vicinity.

The Fuquay-Varina Out-of-Town City Directory Library

Through the courtesy of the publishers of the Fuquay-Varina City Directory, a Directory Library is maintained in the offices of the Fuquay-Varina Chamber of Commerce, for free reference by the general public. This is one of more than 1,000 Directory Libraries installed in cities and towns throughout the U. S., Canada and Puerto Rico by members of the Association of North American Directory Publishers.

The publishers appreciatively acknowledge the recognition by those progressive business and professional men who have demonstrated their confidence in the City Directory as an advertising medium, with assurance that it will bring a commensurate return.

FUQUAY-VARINA

(Courtesy of Fuquay-Varina Chamber of Commerce)

History

Fuquay Springs and Varina are twin cities incorporated in the name of Fuquay-Varina, North Carolina.

The site of the once famous mineral springs, the town was originally named "Sippihaw", an Indian word which was said to mean "good will." Its history goes back to ante-bellum days when its medicinal springs made the area famous as a health resort to which people came from great distances to drink the waters. The original mineral springs are still in existence.

In its early history, Fuquay-Varina was chiefly a trading and shopping center for the people in this section. About the only manufacturing enterprise was the lumber mill. Today the biggest industry in town is the tobacco market which was started in 1908. It is now the twelfth largest in the United States. There are 12 warehouses and two tobacco redrying plants located in the immediate area.

There are three well-known industrial plants located in Fuquay-Varina at present. One industry hems napkins, towles and diapers. This plant is in the process of expanding in order that the manufacturing of children's panties can be added to present lines. The second industry now located in the area manufactures vibrators for auto radios and also for government and industrial uses. A new industry was added in 1964, that manufactures woven labels for clothing.

The town has had a very stable growth both agriculturally and industrially, with the town's growth in all directions . . . especially along the highways north and south of the present business section of Fuquay-Varina.

Location and Description

The town of Fuquay-Varina is located in the approximate center of the State of North Carolina and in the southwestern edge of Wake County. It is situated at the junction of U. S. Highway 401 and North Carolina Highways 55 and 42. Fuquay-Varina is located 14 miles south of Raleigh, the capital of the State of North Carolina.

Fuquay-Varina is two and one half square miles in area and is the third largest municipality in Wake County. It is in the Middle Creek Township, Central Piedmont Section (District 5) of Agricultural statistics and is in the Fourth Congressional District and Seventh Judicial District. Its population, 1960 census, was 3,389.

The country surrounding Fuquay-Varina is rolling, its location being approximately in the eastern edge of the Piedmont section and the western edge of the coastal plain within 100 miles of the Atlantic Ocean. With the land of a rolling nature, this community or area has never been exposed to flood conditions, in fact, never high waters.

This community has an excellent geographical advantage in its close proximity to larger cities, and availability to services usually not found so close to smaller communities . . . for example . . . road miles from the town of Fuquay-Varina to neighboring cities are as follows: Raleigh, 14 miles; Durham, 31 miles; Fayetteville, 42 miles; Winston-Salem, 90 miles; Wilmington, 108 miles; Charlotte, 128 miles; Asheville, 235 miles; Morehead City, 164 miles.

Although the population of Fuquay-Varina is 3,389, this just includes the city limits. The population of the trading area is approximately 15,000-20,000, which is due to a thickly populated country area.

Local Government

Mayor and Town Commissioners (5). These are elected for a two-year term. Beginning in 1963, all commissioners will serve four-year staggered terms. A full-time town manager, secretary, policemen, water and sewer supervisor, and garbage collector are under the supervision of the town council.

TAX RATE LOCALLY: 1964 City tax rate is \$1.10; county tax rate is \$1.40. Assessed valuation is \$10,650,000, based on fifty percent of the actual value of the real estate and personal property. The bonded debt is \$770,000.

In North Carolina, State taxes make up more than seventy per cent of the total tax package; this is true because North Carolina is almost unique in the fact that the State Government has relieved local government of all financial responsibilities for the public schools and roads.

Accepting these major public functions has tended to boost the level of State taxes. At the same time, however, there has been a corresponding reduction in the levels of local taxation.

FIRE PROTECTION: Fuquay has two fire stations, one rural fire department and one town fire department. Both are extremely active. The town fire department is town owned and operated, while the county fire department is a corporation.

The town fire department has thirty-four voluntary firemen, while the county has twenty-one. All are volunteers, very well trained, have more than adequate equipment, and each department has men who are certified first aid men. The rural department normally serves an area of about a seven-mile radius.

POLICE PROTECTION: The town has five policemen on the force, headed by a very capable Chief . . . one police car . . . facilities are quite adequate . . . law enforcement is good . . . and police protection is excellent. In addition to the town police forces, two North Carolina State Troopers live in the town, and one just outside of town. Also, the services of the County Sheriff's office are available at all times.

INSURANCE RATES: Fuquay-Varina is classified as grade 8 with the Insurance Commission's office in Raleigh and from this the insurance rates on individual buildings are rated out of the Fire Insurance Rating Bureau in Raleigh.

WATER: A modern filter plant was put into service in recent years. This plant has a present purification capacity of approximately 500,000 gallons per day.

The daily consumption is over 250,000 gallons. If the need occurred, the supply could be increased to over one million gallons per day. There were approximately 1,100 meters in use as of January 1, 1965.

The supply of raw water is practically inexhaustible, being secured from five deep wells. The distribution system consists of pipe lines of sufficient size to meet the demands of all residences and industries.

SEWER: A new \$500,000 sewer disposal plant is in use.

Charges for sewer service for all water users, available to town's sewage collection, will be based on an amount equal to 50 per cent of the charge assessed for water.

TRANSPORTATION: Highway U. S. 401 and N. C. 55 and 42. Average 24-hour count on Highway No. 401 north in 1961, 5,300 and South, 3,450; on No. 55 north, 3,100; and 42 west, 2,250.

AIR: Airport facilities for Fuquay-Varina are located one mile north of town, just off highway 55. The landing field consists of a single sod strip in good condition which is privately owned but is made available for public use without charge. The strip is 1,550 feet in length, with approximately a half mile clearance unobstructed on each end. Hangar facilities and fuel are available at all times.

There are commercial airlines serving Fuquay-Varina through the Raleigh-Durham airport only 30 minutes away.

BUS SERVICE: Served by two bus companies—Southern Coach and Carolina Trailways. These companies serve the community with nine scheduled departures daily. One mile from town the Greyhound Bus Company has five scheduled departures and seven northbound and seven southbound express daily.

RAILWAYS: Fuquay-Varina is served by the Norfolk-Southern Railway Company and the Durham and Southern Railway Company.

CLIMATE: The climate of Fuquay-Varina is mild and healthful, and is ideal for industry and pleasant living. The summers are long but not excessively hot. The winters are short and not excessively cold.

Manufacturers can readily perceive advantages to be derived in the saving of fuel costs, both to themselves and to their employees, because of the favorable climatic conditions.

Fuquay-Varina climate for 1962, compiled by the weather station at the Raleigh-Durham Airport was as follows: Av. Max. Temp. 68.8; Av. Min. Temp. 47.4; Av. Mean Temp. 58.1; Total Rain in Av. 4.02 per mo.

LOCAL SCHOOLS: A very extensive survey of local schools was made and we found them quite adequate and very progressive. The local schools have an enrollment of about 1,400 students; past increases have been quite similar to national trends. Present facilities are quite adequate for forecastable trends. Most buildings are relatively new and all have very modern equipment and teaching aids. This

includes an Elementary, Primary, Junior High and Senior High Schools. More than average emphasis is given to activities and interests such as music, vocational and physical training. Included in activities are special programs for retarded children, band, chorus, home economics, library work, full-time counselor, and special emphasis is placed on vocational agriculture and shop. Complete program of high school athletics is available for boys and girls. The Southern Association of Secondary Schools and Colleges has recently accredited the Elementary, Junior and Senior High Schools.

Schools are staffed by approximately 60 teachers, all well qualified, with at least Bachelors degrees and compensated with salaries comparable to neighboring states.

RELIGIOUS ACTIVITIES: there are 17 churches in the surrounding area, but in the immediate area there are 9. There are 18 clergymen living in the area. Activities of the churches are varied. In 5 of them an extended program for young people is carried out. Most all of them have active men's and women's groups and circles. One or several of the churches are always building additions or improving their existing facilities. Religious assistance is always available in the community. Predominate religions are: Baptist, Methodist and Presbyterian.

HEALTH AND MEDICAL RESOURCES: A branch of Wake County Hospital, located in Fuquay, opened in September of 1960. There are 29 people on the staff of this 20-bed hospital. The Clinic is 3-bed. Rates are \$14.00 per day for semi-private.

Located in the community are 4 white and 1 colored Physician, 1 Surgeon, 2 Optometrists, 1 Chiropractor and 3 Dentists. Other hospitals nearby are: 4 in Raleigh, 17 miles away; Duke Hospital in Durham, 20 miles away. Locally there are three rest homes with rates of \$130 per month. There are Research Medical Centers at Chapel Hill and Durham.

RECREATIONAL AND LESISURE PROGRAM: One City Park—Directory by a Park Commission. This park has picnic facilities, two tennis courts and outside play equipment, and a \$24,000 swimming pool and bath house. The Park Commission has approved additional improvements to the park and these were begun in the spring of 1961.

One Amusement Park—One mile from town, privately owned. This park has all types of rides, a dance pavillion and a race track.

Golf Course—Eighteen-hole golf course with a nice clubhouse.

Little League Baseball—Sponsored by local merchants. There are four teams with 90 boys between the ages of 9 and 12 participating.

Midget Football—Directed and financed by the parents of the boys. There are 22 boys participating.

Midget Basketball—This is for both boys and girls, with 40 participating. Sponsored by the local Lions Club.

Teen Age Club—Sponsored by parents. This group meets once a week and has 65 members between the ages of 14 and 18.

Boy and Girl Scout Troops.

Boating, Skiing and Fishing—May be enjoyed in nearby lakes and streams. Hunting also may be enjoyed.

Collegiate Athletics—Raleigh, Durham and Chapel Hill.

Country Clubs—Two Country Clubs in Raleigh and one in Fuquay-Varina.

Library—A city library was completed in 1960. The new brick and stone building is ultramodern and is designed to take care of the needs of the community for 20 years. This building was erected by local contributions.

Civic Concerts—Two or three series are available in Raleigh each year.

RECREATION AND SOCIAL FACILITIES: School libraries are open to the public; however, there is a new Public Library in Fuquay-Varina which was built in 1960. In addition, the area is serviced by the Olivia Raney Mobile Service from Raleigh. Approximately 6,500 volumes are in the Public Library and these are circulated annually with 1,523 registrations. The total number of volumes available at the library is 2,200. Public libraries, as well as the libraries of nearby colleges, are available for research.

Out of Sight • Out of Mind ✱ *Out of Business* ✱

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised:

★

The City Directory is the natural medium for keeping a business or product name in the spotlight:
Insist on being well represented in its pages.

HILL'S FUQUAY-VARINA

STREET and AVENUE GUIDE

INCLUDING

TELEPHONE NUMBERS and
HOME OWNER SYMBOLS

1965

Copyright, 1965, by Hill Directory Company

In the following list the numbered streets are arranged in numerical order followed by the named streets in alphabetical order, the intersecting streets being shown. The number of each building on the street is given in numerical order, and opposite the number is placed the name of the occupants or houseowner or tenant. In the business blocks containing offices the occupants are shown by room numbers where practicable, in apartment homes the number denotes the number of the apartment. In all streets both sides of the street are included in one list. The profession or business of individuals or firms is given only at their respective place of business; to find occupation of others refers to Alphabetical List of Names.

The symbol @ following a householder's name indicates that we have received information during the canvass that the house is owned by some member of the family, but as the publisher cannot and does not guarantee the correctness of the information furnished nor the complete absence of mistakes, no responsibility for errors can be or is assumed, nor can the publisher furnish further information than shown.

Telephone numbers, as supplied to us on our canvass are shown opposite names.

Figures in parenthesis denote old numbers.

(The numerals that appear at right edge of columns, ahead of street descriptions and some street intersections, are merely for the guidance of the publishers, and have no other significance).

(This section includes some listings reading "No Return." In each case the Publishers tried diligently, by various means, to obtain the information for the occupants but were unsuccessful. First, two personal calls were made by an enumerator; next, a double postal card was mailed and the telephone used when possible).

CASHIERS! TELLERS! CLERKS!

***Do your employers furnish you with
the latest edition of the City Directory?***

You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

Don't Use An Old Directory!

One address taken from an old Directory may send you miles out of the way and waste a whole day's time. You take pride in keeping a fresh stock of merchandise on your shelves—

Why not avail yourself of fresh information for your daily use?

X
1964

When You Want to Know:

- where a person lives.
- what his occupation is.
- who lives at a certain number on a street.
- where a street is located.
- the correct spelling of a name.
- the officers of a corporation.
- the partners in a firm.
- the solution to any of scores of problems that pop up unexpectedly to annoy and baffle you.
- you can quickly find the answer in the City Directory.

COMPLETE INFORMATION ON A PERSON OR FIRM.

CASHIERS! TELLERS! CLERKS!
Do your employers furnish you with the latest edition of the City Directory?
You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."
